RUBINETTI  
PER CUCINE E BAGNI

 **FARIS**<sup>®</sup>  
RUBINETTERIE

Faris Rubinerterie è un marchio di proprietà di:  
Bugatti Sanitary Taps S.r.l.  
Faris Rubinerterie is a trademark of:  
Bugatti Sanitary Taps S.r.l.

La Bugatti Sanitary Taps è un'azienda a livello familiare, nata dalla 40ennale esperienza di Domenico Bugatti nel campo della rubinetteria igienico-sanitaria. Avendo acquisito nel 2018 lo storico marchio di rubinetteria Faris rubinetterie, si pone l'obiettivo primario di inserirsi tra le aziende leader del settore a livello nazionale, con prodotti nati per durare nel tempo. La filosofia imprenditoriale di Domenico Bugatti, basata sul concetto di continuità della tradizione nel campo della rubinetteria, ha permesso di concepire prodotti dalle linee attuali e raffinate, veri complementi che si sposano alla perfezione con le diverse tipologie di stili d'arredo.

Bugatti Sanitary Taps is a family-run company born from Domenico Bugatti's 40-years experience in the field of sanitary taps. With the acquisition of the historic brand "Faris", in 2018, Bugatti Sanitary Taps pursues the primary objective of becoming one of the leading Italian companies in this industry, with products manufactured to last over time. Domenico Bugatti's entrepreneurial philosophy, based on the principle of continuity and tradition, has allowed us to design products with modern and refined lines, perfectly fitting with any style of interior design.

## Design 100% made in Italy

100% made in Italy design

Le fasi a più elevato valore aggiunto (ricerca, design, commercializzazione) ci hanno permesso di governare i processi produttivi allo scopo di migliorare sensibilmente la qualità dei prodotti. Tecnologie avanzate, per la progettazione, utilizzo di robotica unitamente alle linee automatizzate di montaggio e collaudo ci consentono di fornire prodotti di elevata qualità. La tecnologia e l'utilizzo dei dischi e vitoni in ceramica di ossido di alluminio ad alta temperatura ci permette di ottenere un grado di affidabilità, durata e resistenza anche a temperature di oltre 90 gradi ed a pressioni superiori a 6 Bar. Il trattamento di cromatura viene eseguito con impianti ad altissima tecnologia, garantendo uno spessore di 0,25 micron, rispondendo così ad una esigenza di costante qualità del trattamento.

We have guided the productive processes through research, design and marketing, with the purpose of significantly improve product quality. Advanced technologies, CAD systems, robotics, automatic assembly and testing lines have enabled us to supply high quality products. The use of disks and head valves in high-temperature aluminium oxide ceramics enable us to obtain reliable, durable and tough products that withstand temperatures above 90 degrees and pressure above 6 bar. The chromium plating treatment is performed by state-of-the-art systems to obtain 0.25 micron-thick coats and thus meet the need for a consistent quality finish.

Ogni componente, durante il ciclo produttivo viene sottoposto a severi e ripetuti controlli al fine di garantire il più alto livello di qualità. Il prodotto finito è il risultato dello stile e del design, dell'uso altamente tecnologico degli impianti che unitamente alla capacità creativa rendono il risultato finale di grande soddisfazione.

Throughout the productive cycle, all components are subject to strict repeated controls and testing in order to guarantee their highest quality. The finished product results from a blend of style and design, highly technological production systems and creative capacity, to the customer's greatest satisfaction.

## Marcatura laser

Laser marking

La nostra azienda, su richiesta del cliente, può realizzare la personalizzazione del miscelatore attraverso l'incisione laser del Vostro logo o di qualsiasi altro disegno in formato vettoriale. La marcatura viene eseguita su tutti i tipi di finitura.

Upon customer's request, our company can customize the mixer through laser engraving of your logo or any other marking in vector format. Customized marking is available for all types of finish.

MADE IN ITALY

# Condizioni generali di vendita

Le presenti condizioni generali regolano ogni contratto di vendita posto in essere con la società: Bugatti Sanitary Taps S.r.l. a socio unico - Via Ruca, 38 - Lumezzane (BS) Italia, salvo s'intende eventuali deroghe espressamente concordate e sottoscritte dalle parti.

## 1 Formulazione degli ordini

Gli ordini dei Clienti, Agenti, Rappresentanti ed Ausiliari di Commercio dovranno essere trasmessi per iscritto secondo le forme indicate dal venditore. La ditta venditrice si ritiene completamente libera di perfezionare o meno, a suo insindacabile giudizio, l'ordine ricevuto.

## 2 Prezzi

I prezzi indicati nel presente listino si intendono al netto dell'imposta sul valore aggiunto (I.V.A.), che sarà applicata in base all'aliquota vigente al momento della fatturazione. I prezzi del presente listino sono soggetti a variazioni a nostro solo ed insindacabile diritto.

## 3 Resa della merce

Salvo patto contrario, le forniture dei prodotti s'intendono "franco fabbrica" del venditore: trasporto, assicurazione ed altri oneri restano tuttavia a carico del compratore anche quando si sia convenuto che la spedizione venga curata dal venditore, nel qual caso quest'ultimo agirà come mandatario del compratore, essendo inteso che il trasporto verrà effettuato solo ed esclusivamente a rischio del compratore.

## 4 Termini di consegna

I termini di consegna indicati sull'ordine s'intendono sempre indicativi e mai tassativi. È facoltà del venditore sospendere le spedizioni ed annullare gli ordini in tutti i casi di forza maggiore, quali a titolo esemplificativo ma non limitativo: casi di sciopero delle ditte fornitrici - sciopero dei trasporti - sciopero del personale Faris da qualsiasi causa determinato - sopravvenute difficoltà che ritardino o non consentano in tutto o in parte l'approvvigionamento o rendano più onerosa la fornitura, eccetera, nonché ovviamente in caso di mora o ritardo nei pagamenti. Il termine di consegna verrà prorogato per un periodo di tempo pari a quello della durata dell'impedimento verificatosi in subordine agli eventi di forza maggiore.

## 5 Garanzia

Il venditore garantisce la conformità dei prodotti forniti essendo gli stessi sottoposti ad accurati collaudi e tests prima di essere posti in vendita, escludendo quindi ogni vizio che potrebbe renderli non idonei all'uso cui sono destinati. La garanzia viene estesa ad ogni difetto di progettazione e fabbricazione. Il venditore non risponde per vizi o difetti dovuti a cattive manutenzioni o riparazioni effettuate in modo negligente e

senza preventiva autorizzazione della venditrice. Ogni garanzia decade in casi di accertata usura di parti che per loro natura sono soggette ad usura naturale, nonché all'uso improprio di prodotti per la pulizia contenenti acidi o sostanze abrasive.

## 6 Reclami

Il compratore è tenuto a verificare la conformità dei prodotti ricevuti, nonché eventuale presenza di vizi. I reclami relativi alla non conformità dei prodotti dovranno essere tassativamente notificati per iscritto, a pena di decadenza, entro e non oltre 30 (trenta) giorni dalla data di ritiro delle merci (documento di trasporto o fattura).

## 7 Responsabilità

La nostra responsabilità sulla qualità dei materiali si limita, previa nostra autorizzazione, ad accettare il reso in "porto franco nostro stabilimento". La sostituzione verrà effettuata tempestivamente dopo il riconoscimento dei vizi precedentemente rilevati. Qualora in sede di controllo non si dovesse riscontrare alcuna anomalia contestata, il venditore provvederà senza preavviso alcuno ad addebitare con regolare emissione di fattura quanto precedentemente inviato a sostituzione del reso.

## 8 Pagamenti

I termini di pagamento contemplati in fattura si intendono tassativi; ogni diversa variazione dovrà essere preventivamente concordata ed accettata dal venditore. Qualsiasi ritardo o irregolarità dei pagamenti costituirà diritto per il venditore di sospendere ogni fornitura in essere nonché tutte le ordinazioni in corso. È facoltà del venditore di addebitare gli interessi di ritardo pagamento al tasso bancario vigente per il periodo decorrente dalla data del pagamento contrattualmente pattuito. Eventuali Agenti, Rappresentanti ed Ausiliari di Commercio non sono legittimati a ricevere i pagamenti per conto del venditore, salvo espressa e specifica autorizzazione scritta, predisposta dall'azienda venditrice.

## 9 Riservatezza

Ai sensi dell'art. 13 D. LGS. 30-06-2003 n. 196 e dell'art. 13 Regolamento UE n. 2016/679, il titolare del trattamento dei dati personali forniti dai clienti è: Bugatti Sanitary Taps S.r.l. a socio unico - Via Ruca, 38 - Lumezzane (BS) Italia

## 10 Foro competente

Per qualsiasi controversia derivante o collegata ai contratti cui si applicano le presenti condizioni generali, sarà esclusivamente competente il Foro di Brescia (Italia). Tuttavia in deroga a quanto stabilito, il venditore ha la facoltà di promuovere le controversie davanti al giudice competente presso il domicilio del cliente.

MADE IN ITALY

# General sales conditions

These general conditions govern every sales contract drawn up with Bugatti Sanitary Taps S.r.l. - Via Ruca, 38 - Lumezzane (BS) Italy, except whenever any departures from the terms are expressly agreed and underwritten by the parties concerned.

## 1 Order Formulation

The orders from Customers, Agents, Representatives and Dealers must be sent in writing according to the methods stated by seller. The seller considers itself to be completely free to decide, at its own final judgement, whether or not to sign and/or execute the order received.

## 2 Prices

The prices shown in this price list are understood to be net of value added tax (V.A.T.) which will be applied according to the rate in force when the invoices are issued. We reserve the unquestionable right to vary the prices given in this price list.

## 3 Delivery of the goods

Unless otherwise agreed, the delivery of the products is understood to be "ex-works" at the seller's factory: freight costs, insurance and other charges are therefore at the buyer's expense even if it has been agreed that delivery will be handled by seller. In the latter case, the seller will act as the buyer's representative, as it is understood that the transport will be carried out solely and exclusively at the buyer's risk.

## 4 Terms of delivery

The terms of delivery stated in the order are understood at all times to be approximate and never binding. It is the seller's right to suspend deliveries and cancel orders in all cases f force majeure, as in the following examples that are not exhaustive: cases of strikes by supplying companies, transport strikes, strikes by the staff at Faris for whatever reason, problems that may arise that delay or prevent purchasing or that make the supply to the buyer more difficult, etcetera, and obviously cases of arrears or delays in payment. The terms of delivery will be extended for a period of time equal to that of the duration of the impediment that has occurred as a result of the circumstances of force majeure.

## 5 Guarantee

The seller guarantees the conformity of the products supplied as they are subject to rigorous inspections and tests before being placed on the market so that all faults that could make them unsuitable for the purpose for which they are designed are excluded. The guarantee covers all design and manufacturing faults. The seller will not be responsible for any defects or faults that may arise as a result of inadequate maintenance or repairs carried out negligently and without prior authorization from the seller. All guarantees will become

null and void if the parts are found to have worn as a result of natural wear due to their product type or if they have been cleaned using unsuitable products containing acids or abrasive substances.

## 6 Complaints

The buyer is responsible for checking the compliance of the products received as well as checking for any faults. Any complaints concerning the non-compliance of the products must be notified in writing within 30 (thirty) days, under penalty of nullity, from collection of the goods (transport document or invoice).

## 7 Responsibility

Our responsibility with regard to the quality of the materials is limited, once our prior authorization has been obtained, to accepting returned goods "carriage free at our factory". The goods will be replaced in good times as soon as the faults previously pointed out have been recognized. If, during the inspections, none of the contested faults should be found, the seller will take steps, without prior notice, to charge for the goods previously sent as a replacement for the returned goods by issuing a regular invoice for the same.

## 8 Payments

The terms of payment stated in the invoice are understood to be binding. Any variation to such terms must be agreed in advance and accepted by the seller. Any delay or irregularity in the payments will give the seller the right to suspend any supply in progress as well as all the orders on hand. It is the seller's right to charge interest on the delayed payment at the bank interest rate in force for the period starting from the due of payments as contractually agreed. Agents, Representatives and Dealers are not authorized to collect payments on behalf of the seller, unless permitted to do so with express and specific written authorization provided in advance by the seller.

## 9 Privacy

In accordance with art. 13 Legislative Decree 30-06-2003 n. 196 and art. 13 EU Regulation no. 2016/679, the company responsible for dealing with the personal data supplied by the customers is: Bugatti Sanitary Taps S.r.l. - Via Ruca, 38 - Lumezzane (BS) Italy.

## 10 Competent court of law

For any controversy deriving from or connected with the contracts to which these general conditions apply, the competent court of law will be that of Brescia (Italy). However, as an exception to the conditions established, the seller has the faculty to start legal proceedings concerning controversies at a competent law court in the customer's place of residence.
